Maven XR® mobility scooter walking frame holder

Code : 9639-AU

The walking frame holder allows users to carry a walking frame safely and conveniently on the rear of the mobility scooter. Compatible with most walking frames, it is made from a strong metal frame with an easy-to-mount bracket. It attaches to the under-seat square mount of the mobility scooter. Compatible with the Maven XR® mobility scooter.

FEATURES

- Holds most walking frames securely
- Compatible with Maven XR mobility scooter
