Bounder 300

Code : B-300

The Bounder 300 heavy duty all-terrain rear-wheel drive power wheelchair is engineered for active users, with rugged construction and powerful performance. It supports users up to 136kg, and the TIG-welded steel frame ensures stability in all conditions. Tilt, recline, 8″ or 13″ seat elevate and anterior tilt are available. Independent drive wheel suspension improves ride quality and traction, with an optional 13km/h top speed.

FEATURES

- Colour options and custom dimensions available
- Off-road package and different power footplate options available
- 10km/h standard speed with optional add on of 13km/h
- Independent Drive Wheel Suspension (IDWS) improving ride quality and traction
- Extra heavy duty 12 position adjustable suspension forks with oversized 1” diameter bearings and fork stems
- Durable H-style frame uses 2.5” x 1.5” x 0.125” wall steel, TIG welded for superior strength
- Super Torque 4M motors
- Ultra Quiet brakes - eliminates the click heard when starting and stopping
- Available with R-net or LiNX electronics and with specialty control options, e.g. sip and puff, switch controls, head arrays
- Sliding dual group 24 battery box for greater range and ease of maintenance
- Rugged 70 degree swing-away footrests
- Flip-up self supporting arms
- Anti-tipping wheelie wheels
- Stable rear wheel drive, does not fishtail at high speeds
- Fully automatic 8A battery charger, charges gel-cell batteries
- Tilt, recline, 8″ or 13″ seat elevate and anterior tilt
- Toggle switch or joystick control of power seating systems

Bounder 300
