Levo® C3 standing power wheelchair

The Levo C3 standing power wheelchair, the original standing chair, delivers a smooth, natural standing motion to a full, straight stand, built for active users who want more freedom and health benefits. Its 4-wheel drive action base climbs curbs up to 4″ and ramps up to 10°, with off-road traction capability. It supports users up to 140kg, and a low shear system with elevating legrests ensures an incredibly smooth transition to standing. A low seat height also eases transfers and table access, with fully customisable seating and control options to suit individual needs.

FEATURES

- Smooth powered standing to a full 90° upright position
- 4-wheel drive action base with curb climbing up to 4″
- Off-road traction and 10° ramp climbing capability
- Low shear system and elevating legrests for comfort
- Customisable for individual seating and control needs
- Low seat height for easier transfers and table access

Levo® C3 standing power wheelchair
