Strada® oversill ramp

Code (s) : 555-800MM-1, 569-1200MM-1

An ultra-strong, adjustable height two-piece aluminium threshold ramp with a non-slip surface. The internal ramp section which crosses the threshold can be hinged out of the way when not in use to allow the door to close.

FEATURES

- Oversill flap can be hinged out of the way when ramp is not in use
- Height adjustable
- Strong and durable

Strada® oversill ramp
